I am writing this letter to propose a marathon by the name of "Path to the Future" devoted to the Year of the Family. We, as the Student Committee, believe that this event will have a positive influence on the students and their parents.

We suggest to hold the marathon on the ~~town square~~ pine forest park and to invite not just people from our school, but also people of other schools, and potentially maybe even adults with their parents, although we believe that the contribution of the latter group should probably be avoided due to potential health risks. We chose the location of the park because it is a good place for a marathon. The marathon itself should not be difficult, considering the physical capabilities of most students and their parents, and it should not take more than ten or fifteen minutes due to the same reason. The marathon will take place in Summer or in the late Spring, so that the weather will be comfortable for running. We suggest that ~~this marathon should~~ after the marathon everyone should stay to socialize and to create bonds and friendships.

As for the guests, we suggest to invite the mayor and the head of education of our town for a speech.

We believe that after this marathon the students will value their family more, learn more about commitment and responsibility, attain friendships and just have a good time. We also believe that this event will bring mutual benefits to the parents and to the school in the form of stronger community.
